WILL PUNISH ROUMANIA FOR ENTERING THE WAR

Central Powers Preparing for Drive to the Black Sea

FIERCE FIGHTING BUT NO DECIDED RESULTS TODAY ON ALL THE FRONTS

(Associated Press)

London, Sept. 14.—The French have paused in their advance north of Peronne, where they have driven six miles into the German lines since July 1st, when the Somme offensive began. They are now withstanding a series of German counter attacks.

The entente forces are apparently not pressing the Macedonian campaign on the right of Saloniki. The British who crossed the Struma are reported to have withdrawn to the west bank.

Latest reports from both sides on the campaign in Dobrudja, Rumania, showed the opposing forces in contact along virtually the entire front. Apparently a general engagement is impending.

Dispatches through Italy say an offensive campaign in the Balkans has been mapped out at a conference of the central powers now being held at German headquarters. Germany's contribution to the force is fixed at 200,000 and Austria's at 100,000 men.

TOOK BULGAR TRENCHES

The Serbians have captured Bulgarian trenches near Votrenk, on the Macedonian front, and the height to the northwest of Lake Ostrova, the French war office says. The allies are declared to be winning south of the lake.

FRENCH HELD THEIR GROUND

In France German assaults were repulsed north and south of the Somme and at Vaux-Chapitre wood, on the Verdun front, the French assert.

BRUSILOFF SAYS THE WAR WILL END NEXT YEAR

That the war in Europe will end in August, 1917, is the opinion of General Brusiloff, given to a special correspondent of the New York Times. The Russian general says that he is not a prophet, but, if asked to say when the war would end, he would say August, 1917. He thinks by that time the central powers will have been whipped and ready to quit.

CANDLER

Candler, Sept. 13.—While at the dinner table one day last week, Mrs. Heron and sister, Miss Margaret Wilson upon hearing an excitement among the chickens at the back door investigated the cause, which proved to be a representative of his Satanic Majesty in the form of a six-foot rattlesnake. Miss Wilson charged with a long handled spear, which proved to be the nearest available weapon, and came out victorious.

Mr. and Mrs. O. Hightower of Heather Island, enjoyed a recent visit from Mr. Hightower's sister, Mrs. Driggers.

THAT SHADY SCHOOL GROUCH

Editor Star: In your issue of the 13th, you have a wail from Shady carrying something of a criticism of the county school management.

With reference to the handling of the school text books I will say that that has been one of the most perplexing problems that the county board and myself have had to contend with all these years. We have discussed various methods of meeting the necessities of the case, including the handling of them at the office in the courthouse, but for different considerations have so far felt that it was better for them to be supplied from the outside. It has all during these years been the case that at times all the books would not be in stock and it is unavoidable that people will be disappointed sometimes about getting them. I fully appreciate the feeling of disappointment and disgust in a measure that a party from a distant part of the county feels when they come to Ocala with a list of books to get and can get only a part or possibly none of them. We have conferred right along with the dealers and they seem to be doing what they can to supply the demands.

Your correspondent is absolutely wrong in speaking of the books not being ordered until they are ordered for the Ocala school. The Ocala school has absolutely nothing to do with it as a list of the schools with their approximate grades were furnished the dealers of those schools opening on or about August 1st and orders for books sent to the book houses. The insinuation that Ocala was getting better treatment than the county schools is too weak, whimsical and puny to be worthy of respectful attention, and your correspondent should see to it that he or she informs the people that she told that they would have to wait for the Ocala order, that she knew absolutely nothing of what he or she was saying.

In regard to the second teacher being allowed for the Shady school I will say that the Shady school is in the same position as a number of schools all over the county and we know no reason that they should receive special consideration more than Shiloh, Buck Pond, Martel, Grahamville and a number of other places. We simply require an average of 35 pupils in a school before we will furnish an additional teacher and the regulation holds good throughout the county and when Shady makes her average for a month we shall be very glad to furnish the additional teacher.

From the tone of the criticism your correspondent seems to be rather unappreciative of the splendid new school house erected within the last two years from county funds exclusively and we have just given directions to have a well that will probably cost more than \$100 put down.

The whack at the city cousins is entirely out of place as they have nothing whatever to do with the administration of school affairs for the county. These are handled by the board of public instruction and they and the superintendent belong to the county at large and it our purpose to give all a square deal so far as possible.

We shall welcome criticisms from any source and will try to take care of them. Very respectfully, J. H. Brinson, Supt.

Boys from the Volunteer State Going to the Mexican Border This Week

(Associated Press)

Washington, Sept. 17.—The war department today ordered the Tennessee National Guard camped at Nashville to the Mexican border. It includes two regiments of infantry, a troop of cavalry and an ambulance company together with a field hospital. The order is in line with the policy of the department to give all guardsmen in the federal service a tour of duty on the border.

ARDENT CAMPAIGN IN ILLINOIS

Edward F. Dunne and Frank O. Lowden Opposing Candidates for Gubernatorial Office

(Associated Press)

Chicago, Sept. 17.—One of the hottest gubernatorial campaigns in the history of Illinois is expected between Governor Edward F. Dunne, democrat, and former Congressman Frank O. Lowden, republican, nominated for governor yesterday. Both had virtually about 100,000 votes. The defeat of William Lorimer for congressman from the sixth district seemed assured. Arthur W. Fulton had one thousand plurality over Lorimer.

FINE SHIPMENT OF CATTLE

Mr. L. K. Edwards of Irvine was in the city yesterday and told with pride of the receipt a few days ago of a solid carload of twenty-three head of pure blood, registered Aberdeen-Angus cattle, mostly heifers, with two or three herd bulls among them. Every animal in the shipment has a pedigree and they arrived in fine shape. The cattle came from Virginia. They range in age from three months to two years. These added to the Aberdeen-Angus that Mr. Edwards already had give him a herd of 75 head. He took a number of blue ribbons at the last Marion county fair and will take many more at the coming show.

WACAHOOTA

Wacahoota, Sept. 13.—The days are growing cooler and the wind is soughing through the pines and the quail are whistling gaily. And all this reminds us that autumn is here.

The Central school opened the 4th with Mrs. C. R. Curry as teacher. There are sixteen pupils on the roll and several more to enter in the next few days. Everything is moving on nicely.

Miss Vida May of Micanopy was the guest of Miss Rosalie Smith several days last week.

Quite a number enjoyed a pillau at the hospitable home of Mr. and Mrs. V. P. Smith last Thursday evening, given in honor of Mrs. W. J. Edwards of Ocala.

Mrs. R. C. Epperson and son returned to Williston last Friday, after spending several days with relatives here.

Miss Theora Smith left Friday for Sarasota, where she will teach in the Sarasota high school.

Messrs. W. J. Edwards of Ocala and L. K. Edwards of Irvine motored over Friday and were visitors with Mr. V. P. Smith until Saturday afternoon. Mrs. W. J. Edwards and two sons accompanied them back to Ocala, after a delightful visit to Mrs. Edwards' mother, Mrs. V. P. Smith.

Messrs. J. K. and Claude Harrison of Flemington, drove their new Overland car over Saturday afternoon and were calling on some of our fair sex.

Mr. and Mrs. C. C. Pedrick of Gainesville and Mr. and Mrs. Isom of Spartanburg, S. C., were spend the day guests of Mrs. V. P. Smith last Friday.

TENTH SET OF TWINS

Mr. D. N. Mathews has received an announcement card from his son, Mr. Jack Mathews of Athens, Ga., announcing the arrival of a fine pair of twin boys. Each boy weighed seven pounds. Mr. Mathews said to a Star reporter yesterday that of the eight boys and six girls in his father's family there have been ten pairs of twins born.

SINGING AMERICAN FEARS TO SLEEP

Russia and Japan Assure Us They Will Not Interfere With Our Rights

(Associated Press)

Washington, Sept. 17.—Japan and Russia have formally assured the United States that the new Russo-Japanese treaty doesn't repeal or affect the treaties of 1907 and 1910 in which they pledge themselves to maintain the integrity of China and the open door policy.

TRYING TO COLLECT TAXES

County of Citrus is on the Trail of the Camp and Dixon Companies

One of the largest cases that has ever come up in Citrus county is being argued here this week before Judge W. S. Bullock in chambers. It involves the collection of some \$6000 in taxes from the Camp Phosphate Co., and the Dixon Crucible Co. The testimony taken in the case covers about 1500 pages.

The case first came before Judge Bullock in June. The court turned the case over to W. B. Coogler, of Brooksville, as a special master. Mr. Coogler later decided that the taxes were legal, and not excessive, and decided that a temporary injunction asked for by the Camp and Dixon companies should not be granted.

Exceptions which the complainants take to the master's decision are now being argued before Judge Bullock. The arguments began the first of the week, and will probably continue until the end of the week. R. L. Anderson represents the Camp and Dixon companies, and George Scofield and Richard McConathy represent the Citrus county tax collector.

The taxes involved are those for 1915, and cover all of the properties of the Camp and Dixon companies in Citrus county. The Camp taxes amount to about \$4,000 and the Dixon taxes to about \$2,000.

KENDRICK W. C. T. U.

The regular meeting of the Kendrick W. C. T. U. was held in the church Tuesday afternoon, September 12th. There was a full attendance and we had with us as a visitor Mrs. Freeman of the Candler union.

It being the closing meeting of the year, annual reports were handed in by all officers and superintendents of departments.

The election of officers resulted as follows: Mrs. J. B. Webb, president; Mrs. C. H. Shaw, vice president; Mrs. B. C. Webb, recording secretary; Mrs. W. B. Livingston, treasurer; Mrs. J. Guthery, corresponding secretary. It was decided to pay the expenses of one delegate to the state convention at Daytona in November.

For many good reasons, the ice cream supper to be given in connection with the ladies of the church interested in the piano fund on next Tuesday night, was changed to Friday night of this week or the 15th of September. We trust we may have a good night and a large attendance and wipe out the indebtedness on the piano at an early date, also replenish our own treasury.

The next meeting of the union will be held at the home of the Misses Marina and Emaline Waters, west of Kendrick. A cordial invitation is extended to all to be present.

Julia H. Webb, Press Supt.

JAWFEST AT NEW LONDON IS A JOKE

MEMBERS OF THE AMERICAN DELEGATION DO NOT YET KNOW THEIR OWN MINDS

(Associated Press)

New London, Sept. 17.—The American members of the international joint commission occupied today with their Mexican conferees in investigating the cause and effect of the Mexican mining decree. They also conferred with Major General Bliss on the border situation.

There is little prospect that the commission will return to the formulation of a border protocol until the American members reach a tentative agreement among themselves regarding the wisest course.

MIGHT DO WITH A MILLION

The international commission is giving serious consideration to the idea of establishing some sort of international police or neutral constabulary along the Mexican border.

GUERRILLA KEEPS THEM GUESSING

Carranza's Troops Now Rushing to Head Villa Off from Chihuahua

(Associated Press)

San Antonio, Sept. 17.—General Bell at El Paso told Gen. Funston he had reports that a Villa attack on Chihuahua City was feared. Carranza troops have been rushed there.

SILVER SPRINGS

Silver Springs, Sept. 14.—Mr. Linzy Urby was visiting his family here a few days last week. We are glad to hear that Linzy has been made orderly to the colonel of the regiment and now has the pleasure of watching the other boys from the saddle of a charger. After a brief furlough he returned to headquarters.

Mrs. E. Goolsby enjoys the distinction of owning the first touring car in Silver Springs. Mrs. Goolsby and Miss Pearl have already become efficient operators and those of us who drive "corn fed" cars have no fear of being run down by them.

Mrs. J. L. Smoak Jr. went to Ocala for a visit to friends and relatives before returning to her home in Eustis.

Mrs. J. D. Stilley arrived Sunday from Atlanta, and will remain indefinitely on her farm here.

Mrs. F. L. Grantham was out from Ocala visiting friends a few days last week.

Anent the article in the Gainesville Sun recently regarding farmers in northern Marion county trading with Gainesville merchants, I note that quite a number of our farmers are shipping their produce to Palatka. In the words of the Bingville Bugle, "why is this thusly?"

Mr. H. A. Carothers has had the misfortune of losing two fine cows. He seems to think they were driven off by some unscrupulous herders.

I do not like to criticise but I believe the men employed to work on the road should spend less time in the shade and more on the road.

Floyd Braswell, who will be remembered as the boy who made the pretty dives from the swing, has returned to his home in Fargo, Ga., after spending the summer with his grandmother, Mrs. J. T. Parker. Mrs. Parker accompanied him as far as Jacksonville, combining business with pleasure.

The "F. F. F." of the Ocala North-ern went through our village quietly one day last week.

I desire to thank the editor for the magazines received Sunday. I always appreciate good reading matter.

ANNOUNCEMENT

We expect to have with us the latter part of this week Miss Carruthers, an accomplished milliner, of St. Louis, Mo., and cordially invite the ladies of Ocala to come in and meet her, and inspect our new and up-to-date line of beautiful fall hats. We assure them that they will be highly pleased. The Hayercraft Millinery.

We carry a full line of Thermos fill-ers. The Court Pharmacy. tf
